OFFICE OF THE  
CHIEF

Sunday March 15, 2020

Dear Community members,

The West Webster Fire District will be taking several precautions to ensure the health and safety of our members during the current State of Emergency. These precautions are based on the recommendation of the Monroe County Health Director. During this period, our service to the West Webster community remains our highest priority.

**Effective immediately until further notice, all West Webster Fire Stations will be closed to the public.**

Our service to the West Webster community remains our highest priority. We will also be temporarily suspending Firehouse Tours and Fire Prevention activities. While the fire stations are closed to the public, please refrain from stopping by the stations to drop off food or for a visit.

West Webster will still answer all of your emergencies. Please do not hesitate to call 911 if you have a true fire or medical emergency. West Webster personnel are taking the necessary precautions to ensure that our members health and safety remain a high priority during this time. Our ultimate goal is to maintain our level of service to the residents of the fire district and surrounding communities when needed.

Sincerely,

Ed Kaspar  
District Chief  
West Webster Fire District
